

ANTELA HEIGHTS

Happiest Farmhouses on Earth

CLU Approved Land

Antela Heights offers premium CLU Approved land, ensuring complete legal clarity and secure investment in the serene foothills of the Aravalis. Designed for immediate development, the project provides buyers with confidence, transparency, and long-term value appreciation.

Ready-to-move-in and CLU Approved, Antela Heights guarantees immediate possession backed by full legal compliance and government authorization.

Legal Assurance

Complete Change of Land Use (CLU) approval ensuring hassle-free ownership and secure transactions.

Investment Security

Government-approved status enhances credibility, protects your capital, and supports strong future appreciation.

Development Ready

Approved for residential use, enabling immediate construction and seamless development planning.

Designed For Living. Built For Value

CLU Approved

CLU approval increases the project's credibility and positively impact property values

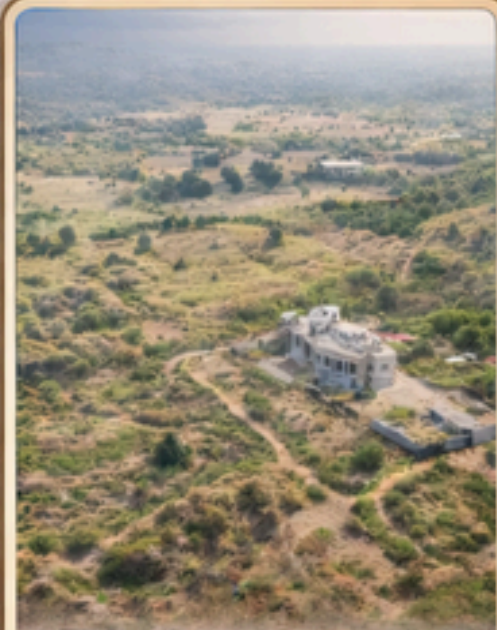

Luxury Living

Spacious and elegant farmhouses designed to provide the highest standards of living

Eco-friendly Design

Sustainable development minimal environmental impact while enhancing the quality of life

Serene Environment

A peaceful getaway from urban life, surrounded by nature's beauty and tranquility

Exclusive Farmhouse Community

Antela Heights presents a compelling real estate investment, leveraging its strategic location and future growth drivers.

1 Strategic Location

Positioned on NH48, a key corridor connecting major economic hubs and industrial developments.

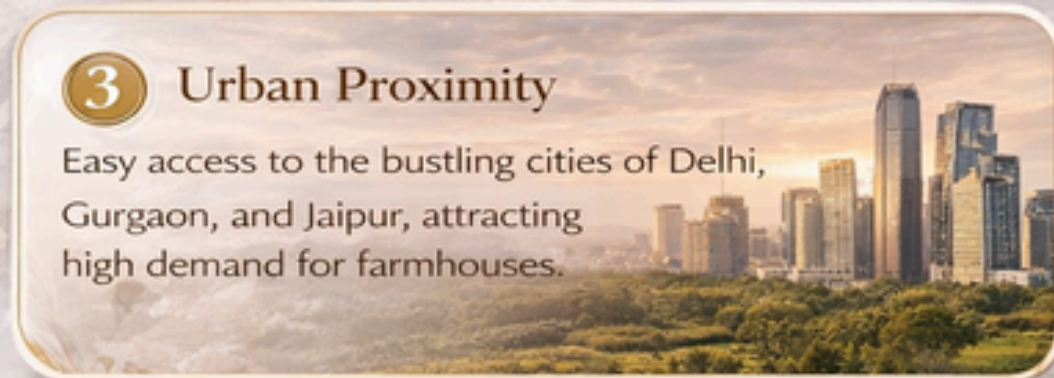

2 Future Connectivity

Benefiting from the upcoming RRTS, enhancing accessibility and property value appreciation.

3 Urban Proximity

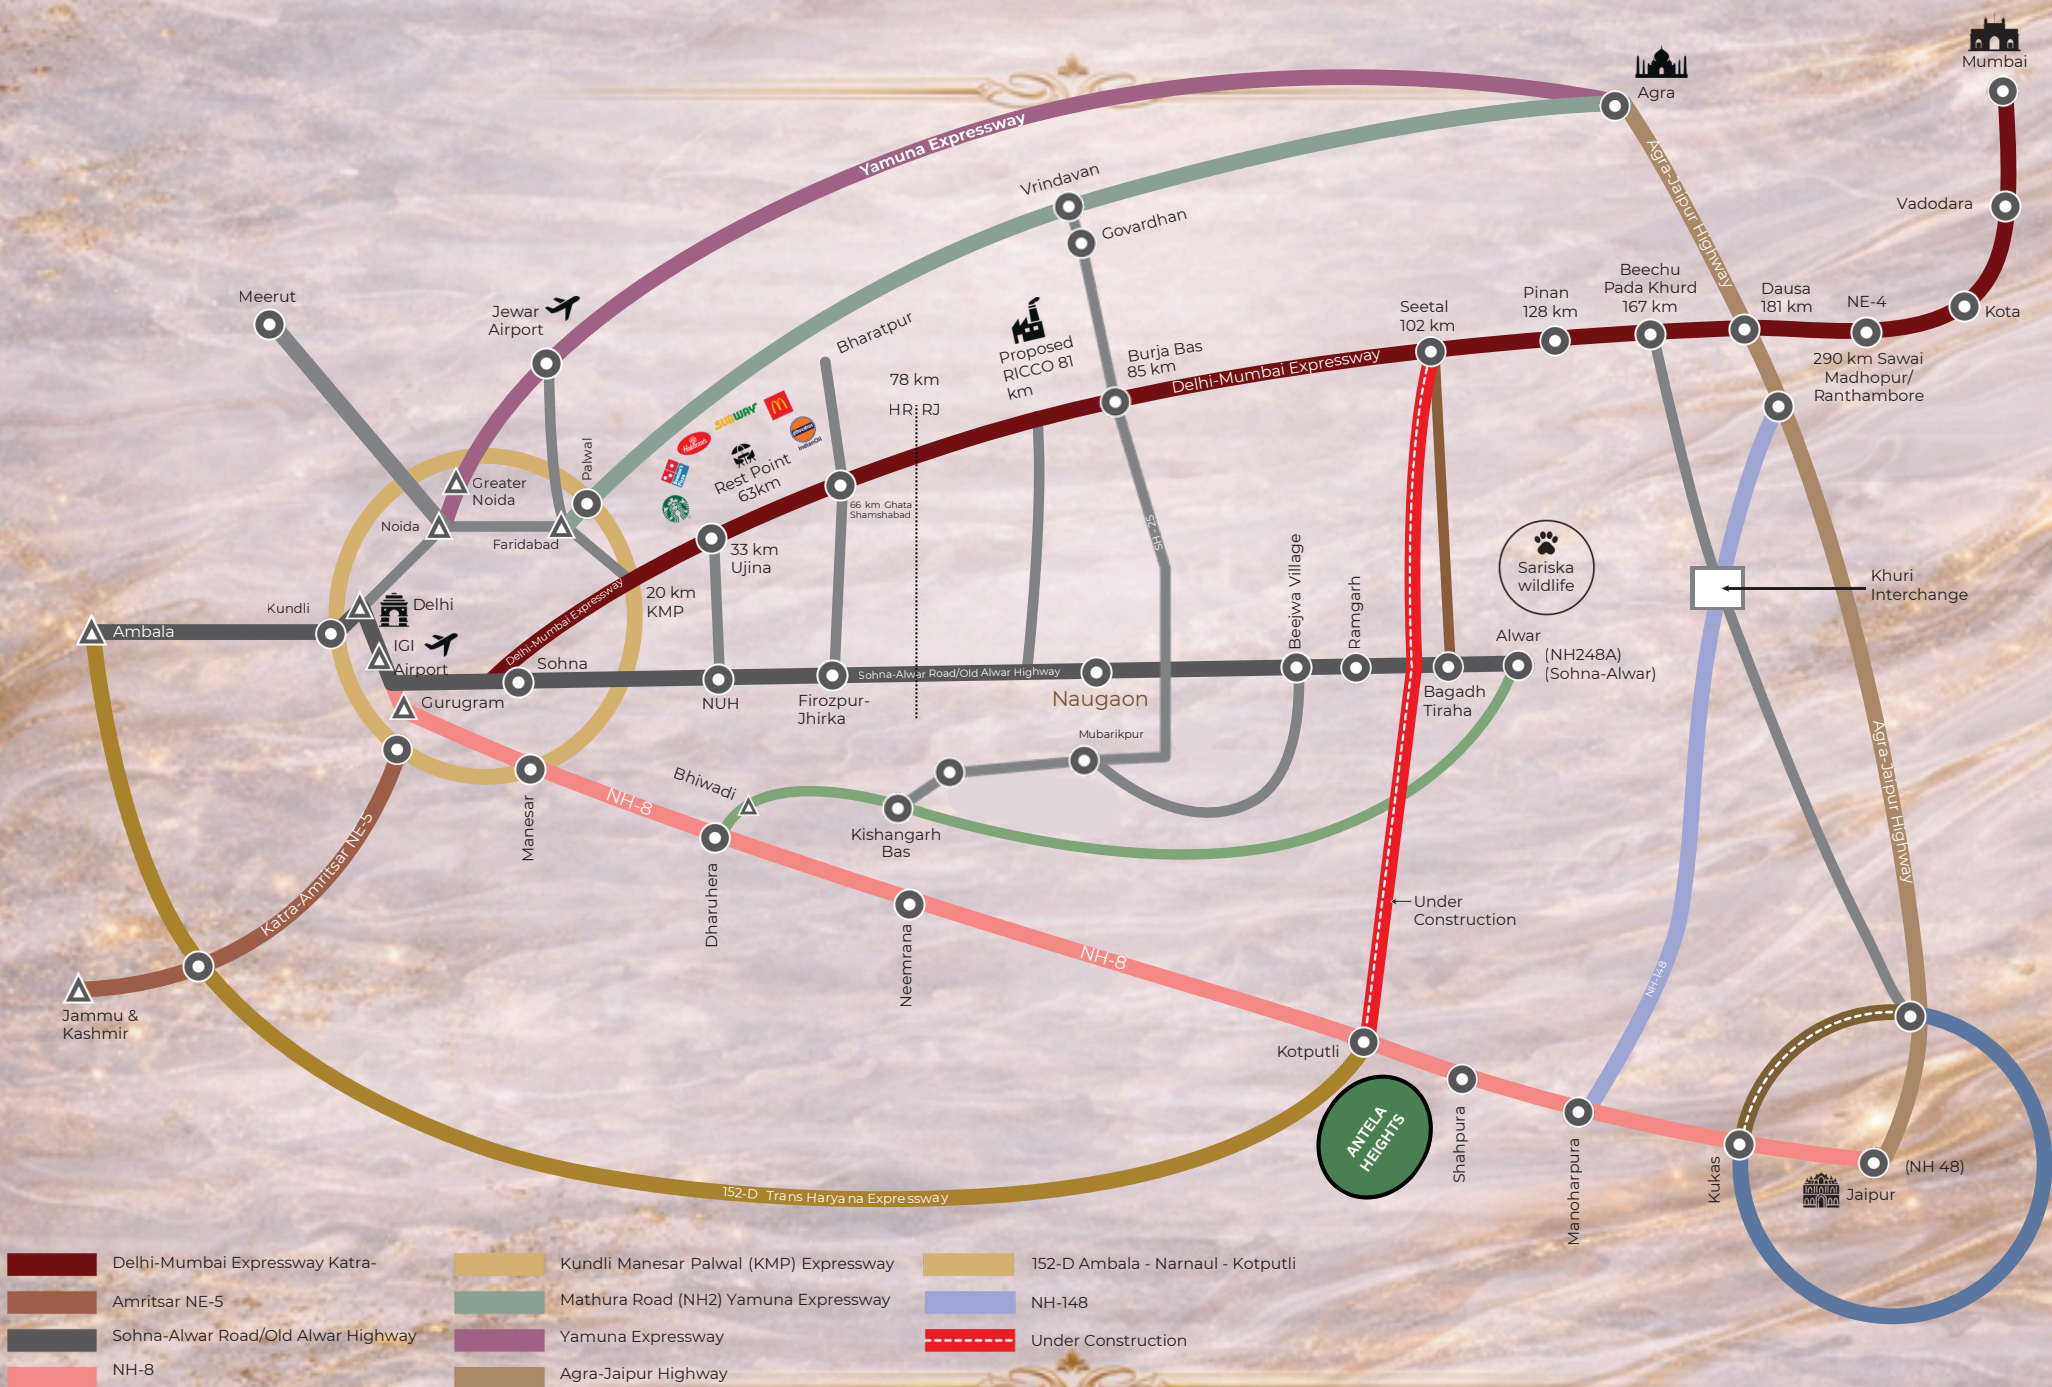

Easy access to the bustling cities of Delhi, Gurgaon, and Jaipur, attracting high demand for farmhouses.

4 High Returns

Significant potential for both capital appreciation and attractive rental income in a thriving market.

The First Layer of Trust

6 ft Stone Perimeter Wall

The project's outer boundary wall is constructed with premium stone material, built to approved specification. This substantial barrier provides security, privacy, and architectural elegance to the entire development.

Investment in Quality Living

Antela Heights is thoughtfully developed with robust infrastructure and modern amenities to ensure comfort, security, and long-term value.

Internal Roads

40 ft wide

Well-planned internal roads ensuring smooth, safe, premium living experience

Green Belt

18 ft wide of 40 ft road

Dedicated green zones with landscaped buffers enhancing aesthetics, air quality, and peaceful living

Power Infrastructure

100% Solar

Sustainable solar-powered lighting solutions promoting eco-conscious living and reduced energy dependency

Gated Security

Controlled Access

Secure gated entry ensuring privacy, safety, and peace of mind for residents and investors

Intelligent Street Lighting System

Designer Light Poles

Architecturally styled poles enhance the aesthetic appeal while providing structural strength and weather resistance

Solar Panel Integration

Integrated solar panels harness renewable energy, reducing environmental impact and operational costs significantly

Heavy-Duty LED Lights

Commercial-grade LED fixtures deliver brilliant illumination with exceptional energy efficiency

Smart Sensor Technology

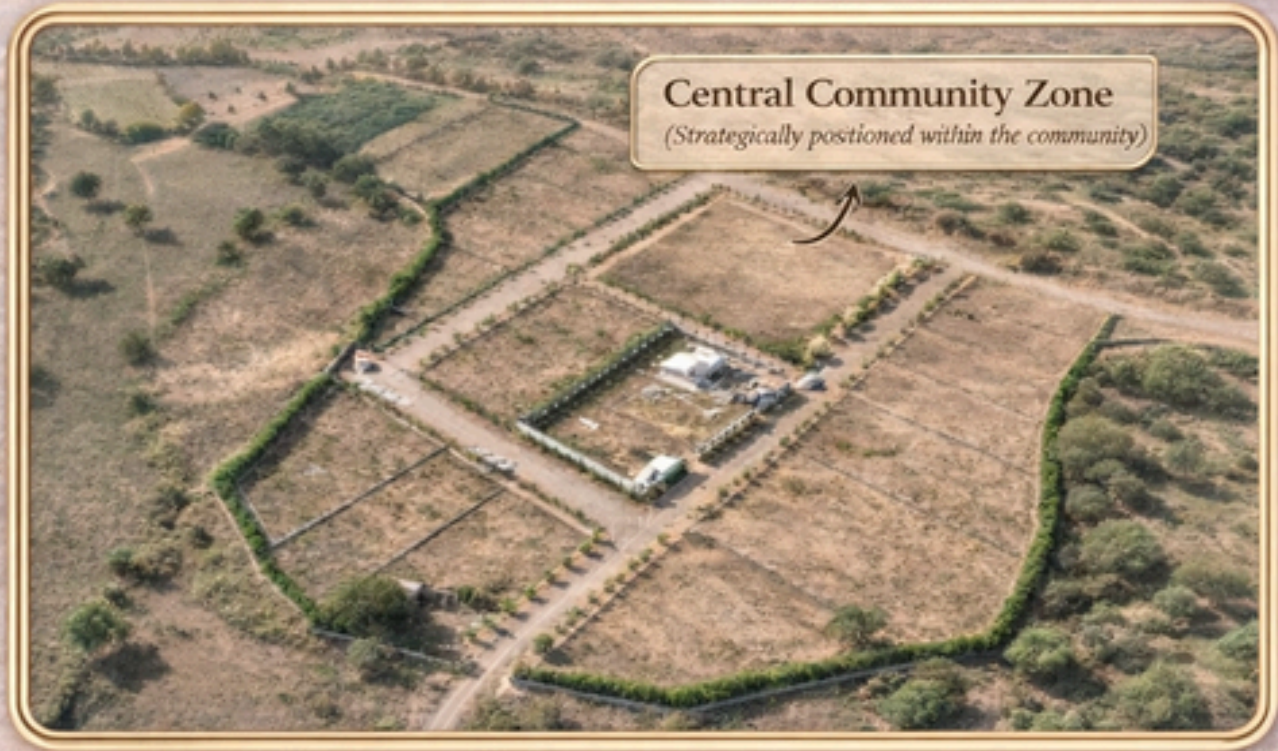

Automated sensors adjust lighting based on ambient conditions, optimizing energy use and ensuring safety

Common Facility Area

A Thoughtfully Designed Shared Space

Centrally located within the gated farmhouse community, the Common Facility Area serves as a natural gathering point for residents.

Designed for community events, leisure activities, and social interactions, it fosters a sense of togetherness while maintaining the serenity of farmhouse living.

Central Location

Easily accessible
from all plots

Community Focused

Ideal for gatherings
& celebrations

Open Green Surroundings

Surrounded by lush green
landscapes

Comprehensive Boundary Protection

Solid Foundation

Professionally constructed plinth level walls ensure a strong and stable base for your property.

Effective Drainage

Elevated base is designed to facilitate proper drainage, guarding against water accumulation.

Clear Demarcation

Well-defined boundary walls establish clear property lines from the ground up.

Lush Green Belt Landscaping

Each side of the motorable road features a nine-foot lush green belt planted with exotic tree species. These landscaped corridors create a resort-like atmosphere, improve air quality, and provide natural cooling throughout the community.

Carefully selected exotic tree varieties

Professional landscape maintenance

Seasonal flowering species

Natural shade canopies

Breathtaking Natural Beauty

Aravali Views

Enjoy picturesque views of the majestic Aravalis with fresh air and better AQI than major metro cities. Wake up to stunning mountain vistas and breathe in the pure, clean air.

Superior air quality index

Panoramic mountain views

Natural landscape preservation

Eco-Friendly Design

Sustainable Development

Minimal environmental impact through thoughtful planning and green building practices.

Resource Conservation

Water harvesting systems and energy-efficient infrastructure for responsible living.

Natural Integration

Designs that blend seamlessly with the natural landscape while enhancing quality of life.
